### Tribute Paid to Late Robert F. Campbell.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

> WHEREAS, Almighty God, in His Infinite Wisdom called to his eternal reward Robert F. Campbell, Clerk of the City Council of the City of Chicago, on April 4, 1969; and
>
> WHEREAS, Robert F. Campbell was for 50 years an employee of the City of Chicago, and Clerk of this Council for 20 years; and
>
> WHEREAS, The orderly and efficient operation of this Council has depended, in large part, on the able and effective services performed in its behalf by Robert F. Campbell, both in its public meetings, for which he read all official items, and in the daily, continuing duties of administration, of preparation for each meeting and in concluding the work of past meetings; and
>
> WHEREAS, Robert F. Campbell, in his service to the Council as a whole, and in his endless service to the Mayor and to the individual Aldermen, had won the special respect and affection of all who relied so heavily on his dedicated and extraordinary competence; and
>
> WHEREAS, The many years of involvement with this Council gave to Robert F. Campbell a perspective and insight into the legislative process that made him an invaluable public servant, a man who knew what to do and how to do it, and an inexhaustible source of the essential information and detail necessary for the effective administration of so vast and complex a community as the City of Chicago; and
>
> WHEREAS, Among Robert Campbell's many duties was the reading before this Council of resolutions memorializing the passing of those persons who, in some way, were due the official recognition of the City of Chicago; it is thus fitting and proper that he now be accorded that same recognition, for his service to this community, for the service he gave to many Mayors and to many Aldermen, for the service he provided to fellow employees and to innumerable citizens at large and as a measure of the esteem and affection we held for him; now, therefore,
>
> *Be It Resolved,* That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 9th day of April, A. D., 1969, do hereby publicly express their sorrow at the passing of so reliable a fellow worker, and so devoted a friend as Robert F. Campbell, and do regretfully acknowledge the void that his passing leaves both in their united efforts for a better city and, more personally, in the warm and affectionate relationship that continued between them for two decades; and
>
> *Be It Further Resolved,* That a suitable copy of this memorial resolution be presented to Robert F. Campbell's wife, Irene Campbell.

Alderman McMahon moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon said proposed resolution. The motion *Prevailed.*

On motion of Alderman McMahon (seconded by Aldermen Campbell, Wigoda, O'Rourke, Fitzpatrick, Hoellen, Simon, Metcalfe, Despres, Cousins, Rayner, Sheridan, Krska, Biggs, Laurino, Burke and Keane) said proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman McMahon and all the seconding aldermen spoke highly of "Bob's" devotion to his work and his unfailing helpfullness whenever they had a problem to be solved. They spoke of his uncanny memory but most of all his cheerfulness, his willingness and his "big smile". His impartiality was lauded and his fairness to one and all was cited. It was declared that the Council Journal would forever be a tribute to his memory for accurateness and clearness. It was also noted that if the recording angel needed someone to call the roll, he would indeed have the right person to call on. His penchant for colorful shirts was also noted. The consensus of opinion was that he not only lived a good christian life, he acted the part as a man of impeccable integrity and all agreed that he would be sorely missed. All extended their condolences to Mrs. Campbell.

The Mayor then called upon John C. Marcin, City Clerk, who spoke of the "unsung hero" that Bob Campbell was. He too spoke of his lack of discrimination for one and all and his great, good humor. He too would miss him greatly.

The Mayor in his remarks stated that he had lost a close friend and the City Council and the City of Chicago a most conscientious public servant. He stated that he would miss him greatly. He extended his sincere sympathy to the bereaved widow.

### Tribute Paid to Late William L. McFetridge.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

> WHEREAS, Almighty God, in His Infinite Wisdom, called William L. McFetridge, national labor leader and president of the Chicago Park District Board, to his eternal reward on March 15, 1969; and
>
> WHEREAS, William L. McFetridge became a workingman more than 60 years ago when, as the 13-year-old son of an ice-truck driver, he went to work as a railroad waybill clerk for $20 a month; and
>
> WHEREAS, His involvement with the labor movement began in 1923 when he joined the Chicago Flat Janitors' Union; a year later he helped organize a public school service employees union which in 1927 elected him its president, a position he held for more than 20 years; and
>
> WHEREAS, His rise to pre-eminence in organized labor continued with his election in 1937 to the presidency of the Flat Janitors' Union, a position to which he brought the dedication and determination necessary for orderly and honest administration; and
>
> WHEREAS, The national recognition accorded him as a result of his successful efforts in union government led to his election as president of the Building Service Employees International Union, an organization that grew from 40,000 members to 250,000 under his supervision; his prominence and position made him a logical choice for a vice-presidency of

the AFL-CIO and membership on its executive council; and

WHEREAS, Despite his heavy and demanding responsibilities as leader of an International Union, William L. McFetridge gave freely of his time and talents to numerous public agencies and civic groups; he was for many years a member of the Illinois Mediation and Conciliation Department, and served on the Hospital Planning Council of Metropolitan Chicago, the Mayor's Committee on Economic and Cultural Development, the Railroad Terminal Authority, and the Citizen's Committee for a Cleaner Chicago; and

WHEREAS, William L. McFetridge's influence as labor leader was strengthened by personal qualities of public concern and integrity; his performance as a member of the Chicago Police Board and the Public Building Commission was outstanding and his leadership as President of the Chicago Park District Board was profoundly meaningful as he strove to assure "that every child would have a childhood"; and

WHEREAS, William L. McFetridge himself denied a formal education, was instrumental in the establishment of numerous scholarship programs, and among the many expressions of recognition he received during his lifetime, was his selection by Northwestern University as one of the 100 persons named an "associate" of that school; and

WHEREAS, William L. McFetridge's outstanding contributions to our society as labor leader, as public servant and as a citizen, made him one of those rare individuals who will be succeeded, but who can never be replaced in our community; now, therefore,

*Be It Resolved,* That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 9th day of April, A.D. 1969, do hereby publicly express their sorrow at the passing of William L. McFetridge and their recognition of his life-long dedication to the needs of his trade and his community; and

*Be It Further Resolved,* That a suitable copy of this memorial resolution be presented to the family of William L. McFetridge.

Alderman Keane moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Keane (seconded by Aldermen Sain, Marzullo, Campbell and Simon) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Keane in his remarks to the Council stressed Mr. McFetridge's unsurpassed contributions to his fellow man, not only in the labor class, but in all his endeavors. He gave unstintingly of his time in many capacities, and was a staunch advocate of first-class citizenship for everyone.

The other aldermen in their seconding speeches praised him for all he had done for the laboring classes. They spoke of his leadership in all his efforts, both for labor and in all his civic responsibilities. It was pointed out that he had done more to eliminate discrimination in the apprenticeship field and worked untiringly to raise wages for unskilled labor in hospital work. It was stated that probably the high point of his life was in the erection of Marina Towers which would serve as a memorial to his memory as well as an outstanding feature of his beloved city. He too had been a giant among men.

Mayor Richard J. Daley, in addressing the Council spoke of Mr. McFetridge's outstanding quality and loyalty. He was always close to his friends. The Mayor spoke of his unswerving support in several of the problems the Mayor had faced. He stated that he had lost a truly loyal friend. He extended his sincere condolences to the sorrowing family.

### *Court Decisions.*

Also communications from the Law Department addressed to the City Council, signed by Stuart Sikevitz, Henry N. Novoselsky, Edmund Hatfield, RocLyne E. LaPorte and Marsile J. Hughes, Assistants Corporation Counsel, and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

*City of Chicago, Plaintiff-Appellant, vs. Chicago Title and Trust Company, Trustee under Trust No. 37335 and Deed in Trust, dated February 1, 1955, Oscar W. Berkson and Unknown Owners, Defendants, Oscar W. Berkson, Marshall Berkson, Sylvia Berkson and Chicago Title and Trust Company, Defendants-Appellees, Illinois Appellate Court, First District, No. 52495.* On February 24, 1969 the Illinois Appellate Court, First District in dismissing the within appeal stated that there was a counter claim still pending in the trial court and since the controversy had not been disposed of, the order appealed from, was not appealable;

*Peo. ex rel. Dever, et al., vs. O. W. Wilson, et al., Illinois Appellate Court No. 52586.* The Illinois Appellate Court on March 17, 1969 reversed a judgment of the Circuit Court of Cook County and ordered the complaint in the Circuit Court to be dismissed. The plaintiffs brought an action in mandamus for reinstatement to their positions in the Chicago Police Department. The Appellate Court in reversing the judgment of the Circuit Court stated that a mandamus proceeding was improper under the Administrative Review Act;

*Lion Specialty & Properties, Inc. v. Zoning Board of Appeals, et al., Illinois Appellate Court No. 53082.* On March 25, 1969 the Illinois Appellate Court reversed the judgment of the Circuit Court of Cook County and ordered the cause remanded for further hearings. The Appellate Court stated that the plaintiff was not afforded a full hearing by the Zoning Board of Appeals as provided under the Illinois Administrative Review Act. The cause was remanded to afford the necessary full hearing.

*Sundin v. Hughes, Illinois Appellate Court No. 52418.* The Appellate Court reversed and remanded the order of the Circuit Court of Cook County dismissing the foregoing complaint and stating that the said complaint was not defective, thus ruling against the City.

*Schnell et al., v. City of Chicago et al., United States Court of Appeals, No. 17147.* The United States Court of Appeals on March 17, 1969 filed an opinion reversing and remanding the cause for a new trial. This was a *Class* Action filed in the Federal District Court during the 1968 Democratic Convention. The complaint alleged that members of news media were assaulted by police officers during news gathering, consequently violating their civil rights. The District Court dismissed and plaintiff appealed. The Court of Appeals held that the complaint did state a cause of action under the Civil Rights Act and therefor, the case should be tried on its merits.

*Johnkol, Inc., et al., v. License Appeal Commission et al., Illinois Supreme Court, Nos. 41679 cons. 41728.* The Supreme Court of Illinois rendered an opinion reversing two judgments of the Circuit Court of Cook County which affirmed the decision of the Local Liquor Control Commissioner of Chicago and the License Appeal Commission of Chicago revoking plaintiff's liquor license and denying plaintiff's petition for mandamus for return of plaintiff's music and dance, food and tobacco licenses, also revoked by the Mayor. After determination of certain questions of constitutionality, the Court held the twenty-day time period to be mandatory in nature and therefor held the order of the License Appeal Commission affirming the revocation order rendered twenty-eight days after filing Notice of Appeal to be invalid. Since revocation of plaintiff's other licenses was predicated upon revocation of plaintiff's liquor license to be invalid, the Court ordered the return of plaintiff's other City licenses.

*Emil Johnson v. City of Chicago, Appellate Court of Illinois, First District No. 51179.* On March 14, 1969 the Appellate Court of Illinois filed an opinion reversing the judgment of the Circuit Court of Cook County and upheld the R2 zoning of the subject property. The plaintiff had obtained an illegal building permit and when stopped by the City, after the cancellation of the permit. The plaintiff filed a declaratory judgment action. The Appellate Court held that the plaintiff had not overcome the presumptive validity of the Zoning Ordinance and stated that the minimum lot area requirement of the single-family residence district is a valid zoning classification.

WHEREAS, Money market conditions throughout the United States have materially changed since such election was held on June 14, 1966, and interest rates have increased upon all types of securities, even affecting the value of outstanding United States Bonds and drastically decreasing the market value of bonds of municipalities that have been voted bearing a fixed rate of interest; and

WHEREAS, As directed by the City Council the City Comptroller has advertised for sealed proposals for the purchase of the bonds described as follows:

$7,000,000 Municipal Building Bonds dated January 1, 1968, due $1,000,000 on January 1 of each of the years 1972 to 1978, inclusive, to bear interest at the rate of 5% per annum.

and

WHEREAS, The City Comptroller has given extended publicity of the proposed sale of said bonds hereinabove described by advertisement in the Chicago's American, a newspaper having a general circulation in the City of Chicago and in The Bond Buyer, a financial newspaper published in the City of New York, New York, such publications having been made at least ten days prior to the date of such sale so as to determine the market value of such bonds and bids for their purchase have been received; and

WHEREAS, The improvements for which said bonds were authorized are now in progress and it is essential and necessary that such bonds be sold at this time at the best price obtainable as determined by the business judgment and good faith of this City Council; now, therefore,

DEPARTMENT OF PUBLIC WORKS
CHICAGO, ILLINOIS

Permit granting Illinois Bell Telephone Company permission and authority to suspend with hangers (8) four (4) inch Plastic Ducts under the south roadway deck of the new 35th Street bridge over the south fork of the south branch of the Chicago River, M.F.T. Section 35th St. 0909. 2-C.S.

Whereas, Illinois Bell Telephone Company, 225 West Washington Street, Chicago, Illinois, hereinafter called the "Petitioner", request permission and authority from the City of Chicago, Department of Public Works, hereinafter called the "Department", to attach, operate and maintain eight (8) four (4) inch Plastic Ducts under the south roadway deck of the new 35th Street Fixed Bridge; and

Whereas, the additional weight of said installation on an existing highway structure will decrease the load carrying capacity of the highway structure available to the public or on a new highway structure will require an increase in structual design by an amount estimated by the Department to be valued at two thousand four hundred seventy-one dollars and forty-seven cents ($2,471.47); and

Whereas, the Petitioner, realizing an advantage accruing to it in the form of an overall savings in installation and maintenance costs, should reimburse the Department for the said estimated value; and

Whereas, the Petitioner has on deposit with the Department a surety bond in the amount of thirty thousand dollars and no cents ($30,000.00) said bond being conditioned on the performance of the work, the cleanup, and the restoration of the street facilities in a manner satisfactory to the Commissioner of the Department or his duly authorized agent, and on holding the City of Chicago and the Department harmless on account of all claims for damages which may occur to persons or property, including the property belonging to the City of Chicago, arising out of the construction, operation and maintenance of said eight (8) four (4) inch Plastic Ducts on said bridge structure.

Now, Therefore, in consideration of the sum of two thousand four hundred seventy-one dollars and forty-seven cents ($2,471.47), the Department hereby grants permission and authority to the Petitioner to construct, operate and maintain eight (8) four (4) inch Plastic Ducts on the 35th Street Bridge, subject to the following additional terms and conditions:

1. The Petitioner shall keep said bond in full force and effect in the full penal sum therein provided so long as this permit shall remain in force. In case of any impairment of the security on said bond for any cause (whether any impairment exists to be determined by the Department) or in case of any reduction in the penal sum of said bond due to a recovery thereon or otherwise, the Petitioner shall immediately replace or increase the penal sum of said bond to the end that there will be in full force and effect, during the existence of this permit, a good and sufficient bond or bonds in an aggregate penal sum equal to the amount of said present bond to insure the fulfillment of the obligation assumed by the Petitioner under this permit. In the event that Petitioner fails to replace or increase the penal sum of said bond as herein provided within ten (10) days after receipt of notice in writing from the Department so to do, the Department may terminate the further granting of permits to the Petitioner until such time as the necessary increase or replacement of the penal sum of said bond has been complied with.

2. The Petitioner shall furnish, at its own expense, all materials, labor and pay all maintenance costs of said eight (8) four (4) inch Plastic Ducts and its attachments except inserts that may be installed at the time of construction on the new bridge. The Petitioner further understands and agrees that the maintenance of said eight (8) four (4) inch Ducts includes but is not limited to the cleaning and painting of the entire eight (8) four (4) inch Ducts including all fixtures, brackets and attachments thereto and that the time manner and type of such cleaning and painting shall be as directed by the Department.

3. The proposed work and method of construction to be done hereunder shall be located and constructed in accordance with the description, special provisions and plans attached to and made a part of this permit, and the Petitioner shall thereafter operate and maintain said eight (8) four (4) inch Ducts to the satisfaction of the Commissioner or his duly authorized representative.

4. The Petitioner shall assume all liability for interference with or access to existing utilities or navigation lights on account of the installation of said eight (8) four (4) inch Ducts.

5. The Petitioner, its successors or assigns, shall assume all risk and liability for damages or injury to persons or property on account of the work of installation or maintenance of said eight (8) four (4) inch Ducts and shall also be liable for any damage that may be caused to said 35th Street Bridge due to the attachment of eight (8) four (4) inch Ducts to the bridge structure.

6. The Petitioner agrees to use only a minimum number of machines or other equipment that may, by necessity, be caused to be parked in a traffic lane on the bridge, which equipment may obstruct the flow of traffic across said bridge, while performing any work pursuant to the permission herein granted, and shall take all necessary precautions to protect traffic by the use of signs, signals, flagmen or watchmen. One-way traffic shall be maintained around such obstructions at all times.

7. The Department agrees to take due care in performance of maintenance and operation activities on the bridge structure to prevent damage to the said eight (8) four (4) inch Ducts due to such activities. Should the City's construction on any operation of said bridge facility require any alteration or change of location of the improvement called for in this permit, such alteration and change of location shall be made by the Petitioner upon a written request by the Commissioner without expense to the City of Chicago; or should the Petitioner fail to make satisfactory arrangements to comply with this request within 60 days, the City reserves the right to perform the necessary work or remove the installation and bill the Petitioner for the costs incurred. In the case where utility facilities are attached to an existing bridge that is to be dismantled, reconstructed or relocated and requires the Petitioner to alter the attached facilities or to move to a new structure, then this permit will be terminated and a new permit with proper assessment will be required.

8. The Petitioner agrees that the permission herein granted to install eight (8) four (4) inch Ducts on the above designated bridge structure is not considered a franchise and will be terminated without reimbursement of the assessment two years after the date of this permit if eight (8) four (4) inch Ducts are not installed and in operation in accordance with the terms of this permit.

9. The permission herein granted is effective insofar only as the Department has jurisdiction and does not presume to release the Petitioner from complying with any existing statutes to the construction, operation and maintenance of said eight (8) four (4) inch Ducts.

This permit is hereby given, accepted and its provisions agreed on this ——— day of—————, 19—.

## Tribute Paid to Gallant Members of Police Department during Recent Confrontation on South Side.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, The far southeast side community of the City of Chicago, in the vicinity of 95th Street and Exchange Avenue, was on Monday, April 14, 1969, terrorized by an individual who undertook a six-hour siege of the community, firing his rifle and throwing hand grenades and bombs from the apartment in which he lived, thereby creating imminent danger to the lives of all within his range; and

WHEREAS, Members of the Chicago Police Department responded to the call for help, fearlessly and with total devotion to duty, disregarding the utter peril to which they were exposing themselves and, in the course of the action of subduing the terrorist, two policemen were killed and four others wounded; and

WHEREAS, The heavily stocked arsenal of death and destructive weapons was initially discovered as a result of outstanding police work, which had commenced following recent bombings on the southeast side. Five officers came upon the premises during the course of their investigation of these bombings, including Sergeants James Schaffer and Anthony Norka, and Detectives William McInerney, William Ryan and Jerome Stubig. Detective McInerney knocked at the rear door of the apartment in which the arsenal was located and the response emitted was a fusillade of bullets from a high powered rifle, one of which struck Detective McInerney in the chest and others visiting death upon Sergeant Schaffer and Detective Stubig. Sergeant Norka sustained ear damage through the concussion and two officers reporting at the scene thereafter were also wounded, Patrolman Arthur J. Siechanowski, who was knocked unconscious by concussion and falling debris from a bomb thrown by the killer, and Patrolman William J. Johnston, who sustained a scalp wound when a bullet creased his head; and

WHEREAS, The conduct of Deputy Superintendent of Police James M. Rochford, who personally took command at the scene of the tragedy, together with Chief of Patrol John T. Kelly, exemplified extraordinary courage and selflessness and the most praiseworthy quality of leadership when confronting the sniper, while themselves unarmed, and achieved their mission in the face of the greatest personal danger and thereby terminating one of the most terrifying and tragic incidents in recent history in the City of Chicago; and

WHEREAS, The dead and wounded policemen, and their unhurt comrades, did not sacrifice their lives and wellbeing in vain; they serve as heroic examples of all policemen, who chose their careers with full knowledge that their service might at any moment demand the supreme sacrifice. This tragic event also serves to impress us all with a greater appreciation of the valor of our City's policemen, who, no less than soldiers in battle, are called upon routinely to face other hazardous situations and circumstances similar to that which took place on Monday; and

WHEREAS, For the sacrifices of the two valiant policemen who served the citizens of this community at the cost of their lives, and for the courage and dedication of their surviving comrades, words cannot adequately express the sense of gratitude and reverence which is due them; and

WHEREAS, Too often citizens take for granted the fact that every policeman is sworn under oath to undertake the preservation of peace and the protection of the public irrespective of his possible exposure to death and injury; and too often citizens indulge in unthinking criticism of and disrespect for those efforts made by members of the Chicago Police Department in their difficult assignments; and

WHEREAS, Through their valor and selflessness, the fallen, the wounded and the surviving heroes have demonstrated through deeds, the meaning and significance and cost of maintaining peace and order, acts which will be forever engraved in our minds and hearts; now, therefore,

*Be It Resolved,* That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this seventeenth day of April, 1969, together with all the people of the City, by this Resolution spread upon the Record of Proceedings of the City Council, hereby express our deep sense of obligation, profound regret and mourning upon the deaths of Sergeant James R. Schaffer and Detective Jerome Stubig, and further express their gratitude and appreciation to those wounded in the line of duty, Sergeant Anthony D. Norka, Detectives William E. McInerney and William Ryan and Patrolmen Arthur J. Siechanowski and William J. Johnston, as well as to the heroic leaders and policemen who survived and restored the peace to the community; and

*Be It Further Resolved,* That as marks of respect to their memories, copies of this Resolution be presented to the families of Sergeant James R. Schaffer and Detective Jerome Stubig; that copies also be presented to the men who were wounded in the line of duty, Sergeant Anthony D. Norka, Detectives William E. McInerney and William Ryan and Patrolmen Arthur J. Siechanowski and William J. Johnston, as well as to Deputy Superintendent of Police James M. Rochford and Chief of Patrol John T. Kelly.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Burke (seconded by Aldermen Buchanan, Hoellen, Scholl and Holman) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Burke and the seconding aldermen spoke at length of the debt of gratitude the citizenry of Chicago owed to all policemen and in particular to Sergeant Schaffer and Detective Stubig for their bravery in facing the terrible danger that was present. They spoke of the complete lack of regard for their own lives displayed by all the policemen involved in trying to avert any further loss of lives. All of the police displayed a singular devotion to duty. They urged that all possible measures be taken to insure that the Police Department would always have all the finest equipment with which to carry out their tasks. All the aldermen expressed their deep sympathy to the bereaved families.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and Acceptance shall comprise a Grant Agreement, as provided by the Federal Airport Act, constituting the obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport.

Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

### Part III—SPONSOR'S ASSURANCES

In order to furnish the assurances required by the Act and Regulations the Sponsor hereby covenants and agrees with the United States, as follows:

1. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project.

2. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use without discrimination between such types, kinds, and classes: *Provided,* That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; *And Provided Further,* That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

3. The Sponsor will not grant or permit any exclusive right for the use of the airport forbidden by

Section 308 of the Federal Aviation Act of 1958, and will otherwise comply with all applicable laws. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm, or corporation the exclusive right for the conduct of any aeronautical activities on the Airport, including but not limited to, charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautic activity: *Provided,* That the prohibition against the grant or permit of an exclusive right as set forth herein in no way alters the rights or obligations of the Sponsor under a surplus property instrument of transfer pursuant to which surplus property was conveyed to the Sponsor by the United States pursuant to the *Surplus Property Act of 1944 (61 Stat. 678), as amended.*

4. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or priviledge at the Airport is granted to any person, firm, or corporation to render to the public any service (including the furnishing or sale of any aeronautical parts, materials, or supplies) essential to the operation of aircraft at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; *Provided,* That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm, or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

5. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

6. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: *Provided,* That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; *And Provided Further,* That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor.

7. Insofar as it is within its power and reasonably possible, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section A of FAA Technical Standard Order No. N18, or Advisory Circular (AC) No. 150/5300—1, whichever is applicable according to the currently approved airport layout plan. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or may hereafter acquire, property interests permitting it to so control the use made of the surface of the land.

8. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by military and naval aircraft in common with other aircraft, except that if the use by military and naval aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by military and naval aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interefere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more military or naval aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of military or naval aircraft is 300 or more, or the gross accumulative weight of military or naval aircraft using the Airport (the total movements of military or naval aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

9. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

10. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection by any duly authorized representative of the FAA upon reasonable request. The Sponsor will furnish to the FAA, upon request, a true copy of any such document.

11. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If any arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

12. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars, and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed non-aviation areas and of all existing improvements thereon. Such airport layout plan, and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the Airport layout plan as so approved by the FAA, if such charges or alterations might adversely affect the safety, utility, or efficiency of the Airport.

13. Insofar as is within its power and to the extent reasonable, the Sponsor will take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

14. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

15. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

## Part IV—PROJECT AGREEMENT

If the Project or any portion thereof is approved by the FAA, and an offer of Federal aid for such approved Project is accepted by the Sponsor, it is understood and agreed that all airport development included in such Project will be accomplished in accordance with the Act and the Regulations, the plans and specifications for such development, as approved by the FAA, and the Grant Agreement with respect to the Project.

In Witness Whereof, the Sponsor has caused this Project Application to be duly executed in its name, this 23rd day of December, 1968.

[Signature forms and Exhibit "A" omitted]

## NON-DISCRIMINATION IN A FEDERALLY ASSISTED PROGRAM OF THE FEDERAL AVIATION ADMINISTRATION

In order to furnish the assurances required by Title VI of the Civil Rights Act of 1964 and by Part 15 of the Federal Aviation Regulations as amended, the Sponsor named below (hereinafter called the "Sponsor" hereby covenants and agrees with the United States (hereinafter called the Government) as follows:

> The Sponsor, in the operation and use of the airport listed below will not on the grounds of race, color, or national origin discriminate or permit discrimination against any person or group of persons in any manner prohibited by Part 15 of the Federal Aviation Regulations.
>
> The Sponsor will also include, or require the inclusion, in every agreement or concession pursuant to which any person, other than the Sponsor, operates or has the right to operate any facility on the Airport providing services to the public, the foregoing covenant as an obligation assumed by that person, together with a provision granting the Sponsor the right to take such action as the Government may direct to enforce that covenant.
>
> Non-compliance with the above assurances shall constitute a material breach, and in the event of such non-compliance the Government may take appropriate action to enforce compliance, may terminate the Grant Agreement to which this covenant relates, or seek judicial enforcement.

The covenant shall become effective upon execution of a Grant Agreement pursuant to the below identified Project Application and shall constitute part of the Grant Agreement to which it relates and shall remain in full force and effect so long as the airport covered by such agreement continues to be used and operated as a public airport.

SECTION 2. This ordinance shall be in force and effect from and after its passage.

This Agreement made this ............. day of .................. A.D. 1969, between the City of Chicago, a municipal corporation of the State of Illinois, hereinafter called "Landlord" and Business Opportunities for the Blind, Inc. Not for Profit, a corporation organized and existing by virtue of the laws of the State of Illinois, hereinafter called "Tenant".

WITNESSETH:

That Landlord, for and in consideration of the terms and conditions, hereinafter contained and made on the part of Tenant, does hereby grant to Tenant for use only by Tenant, the privileges hereinafter described on premises at Navy Pier, Foot of Grand Avenue, Chicago, Illinois 60611, hereinafter called "Pier". A plat of said pier occupied attached hereto and made a part thereof, is shown as Exhibit "A".

*Article I*

This agreement shall be subject and subordinate to:

(a) Any existing or future Federal or State Statute or any existing or future lease or agreement between Landlord and the United States or the State of Illinois, or political subdivisions thereof, relative to the development, construction, operation or maintenance of the Pier, the execution of which has been or may be required as a condition precedent to the expenditure of Federal, State or other public funds for the development, construction, operation or maintenance of said Pier.

(b) The right of Landlord to further develop, improve, maintain, modify and repair Pier, the facilities therein and the roadways and approaches thereto, as it so sees fit, regardless of the desires or views of the Tenant and without interference or hindrance by the Tenant.

*Article II*

The Tenant shall not, without prior approval of the Port Director, the City Comptroller and the City Council, assign or transfer this agreement nor any share, part or interest therein, nor sublet any part thereof, nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of anything hereunder by an independent contractor unless otherwise expressly provided herein. If Tenant is a corporation and if the control thereof changes at any time during the term hereof, then the Port Director, the City Comptroller or the City Council may, at its option, declare such change a breach of this agreement.

It is mutually understood and agreed that nothing contained in this agreement is intended, or shall be construed, as in any wise creating or establishing the relationship of copartners or joint venturers between the parties hereto or as constituting the Tenant as the agent or representative of the Landlord for any purpose or in any manner whatsoever.

### *Article III*

Tenant has examined the premises prior to, and as a condition precedent to, the execution hereof and is satisfied with the physical condition of said premises, and its taking possession thereof will be conclusive evidence of its receipt of said premises in a safe, sanitary and sightly condition and in good repair.

### *Article IV*

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to Landlord and Tenant, or any other statute, or by the common law during the terms of this agreement. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State, attorney for it and in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof. Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure the payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraph hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises. The Landlord may collect and receive any rent due from Tenant and payment or receipts thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.
